

Pineapple end slicer CEP-001

The Pelamatic pineapple end slicer allows effortless to leave the fruit ready for immediate peeling, making it a very practical accompaniment to Pelamatic pineapple peelers. Its design allows waste to be removed in a single stroke, which makes it very useful for pineapple peeling processes.

Our end cutter comes with a special reinforcement to keep the piece immobile and facilitate cutting, avoiding wasted time and making the most of the fruit.

General characteristics

- Resistant, fast and effective.
- Manual machine.
- Allows quick and safe cleaning using warm water and a cloth. Recommended daily cleaning.
- Stainless steel pieces for a good hold of the fruit.
- Designed with a polyethylene structure.
- Recommended to facilitate the peeling processes in Pelamatic pineapple peelers.
- Lightweight and easy to transport.
- Cut regulation between 80- 120 mm.

Technical characteristics
